MANAGEMENT'S DISCUSSION AND ANALYSIS

This document has been prepared for the purpose of providing Management's Discussion and Analysis ("MD&A") of the financial performance and financial condition for the years ended December 31, 2021 and 2020. This MD&A should be read in conjunction with the December 31, 2021 year-end financial statements of Economic Investment Trust Limited ("Economic" or the "Company") which form part of this Annual Report dated February 10, 2022. These financial statements have been prepared in compliance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board. The reporting currency for the Company is the Canadian dollar, and all amounts in the following discussion are in Canadian dollars.

This MD&A may contain certain forward-looking statements that are subject to risks and uncertainties that may cause the results or events mentioned in this discussion to differ materially from actual results or events. No assurance can be given that results, performance or achievement expressed in, or implied by, any forward-looking statements within this discussion will occur, or if they do, that any benefits may be derived from them.

Overview

Economic is a closed-end investment corporation, the shares of which trade on the Toronto Stock Exchange under the symbol "EVT". Economic is an investment vehicle for long-term growth through investments in common equities, as management believes that over long periods of time, common equities, as an asset class, will outperform fixed-income instruments or balanced funds. From time to time, however, assets of the Company may be invested in interest-bearing short-term securities pending the selection of suitable equity investments.

The Company has been a closed-end investment corporation since 1927. The Common Shares have persistently traded at a discount to their net asset value, ranging from approximately a 37% discount to an 18% discount over the past 10 years. Management believes that shareholders who have invested in the Common Shares of the Company recognize that the Common Shares of the Company usually trade at a discount to their net asset value. On March 4, 2020, the Company announced its intention to commence a normal course issuer bid ("NCIB") and has renewed its NCIB effective March 9, 2021. Further information is included on page 11 of this Annual Report.

Closed-end investment corporations have the following benefits: they often allow investors the opportunity to purchase assets at a discounted price; they have management expense ratios which are generally much lower than those for actively-managed open-ended funds; and the management of a closed-end investment corporation's portfolio is not impacted by shareholder subscription or redemption activities.

Economic has no plans to become an open-ended investment fund.

The Company owns, directly and indirectly, long-term investments in the common shares of some publicly-traded Canadian companies, and a managed global investment portfolio of common shares of publicly-traded global companies.

The long-term investments consist primarily of the publicly-traded common shares of E-L Financial Corporation Limited ("E-L Financial"), Algoma Central Corporation ("Algoma"), a shipping company, and The Bank of Nova Scotia. At December 31, 2021, E-L Financial represented 36.6% (2020 – 36.9%) of total equity investments, Algoma 4.4% (2020 – 4.3%) and The Bank of Nova Scotia 6.1% (2020 – 5.3%). E-L Financial, Algoma and the Company are related parties. In management's view, these investments are consistent with the Company's investment strategy and contribute to achieving the investment objective. Further related party information is provided in Note 12 to the financial statements in this Annual Report and in the schedule of investment portfolio beginning on page 32.

E-L Financial operates as an investment and insurance holding company with two operating segments, E-L Corporate and The Empire Life Insurance Company ("Empire Life"). E-L Corporate's operations include the oversight of investments in global equities held through direct and indirect holdings of common shares, investment funds, closed-end investment companies and private companies.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

E-L Financial has a 52.7% interest in a closed-end investment corporation, United Corporations Limited ("United"), which is an investment vehicle for long-term growth through investments in common equities. In addition, E-L Financial has a 37.4% interest in Algoma and a 24.1% interest in Economic. E-L Financial also owns 99.4% of Empire Life which underwrites life and health insurance policies and provides segregated funds, mutual funds and annuity products in Canada. Each of E-L Financial, Empire Life, United and Algoma are related parties and are reporting issuers which trade on the Toronto Stock Exchange and have profiles on SEDAR.

On December 20, 2021, the Company appointed Neuberger Berman Canada ULC ("Neuberger Berman Canada"), an investment management firm headquartered in Toronto, to provide portfolio management services for a portion of its assets, replacing Burgundy Asset Management Limited ("Burgundy").

Neuberger Berger Canada manages the portfolio by investing in global equities following a quality value investment style. Neuberger Berman Canada is a business of Neuberger Berman. Neuberger Berman, founded in 1939, is a private, independent, employee-owned investment manager headquartered in New York. The firm manages a range of strategies including equity, fixed income, quantitative and multi-asset class, private equity, real estate and hedge funds on behalf of institutions, advisors and individual investors globally. With offices in 25 countries, Neuberger Berman's diverse team has over 2,400 professionals. The firm manages US\$437 billion in client assets as of September 30, 2021.

At December 31, 2021, approximately 48.6% (2020 – 48.2%) of the investment portfolio was held in long-term investments and 51.4% was managed by Neuberger Berman Canada (2020 - 51.8% managed by Burgundy). Over time these percentages will vary based on the market value of the two portfolios and as a result of any purchases or sales of investments.

Investment Strategy

The objective of the Company is to earn an above-average rate of return, primarily through long-term capital appreciation and dividend income. Short-term volatility is expected and tolerated. Management remains confident that the Company's investment strategy will reward shareholders over the long term.

The investment portfolio of the Company comprises a mix of Canadian and foreign investments. Net equity value and net investment income may vary significantly from period to period depending on the economic environment and market conditions.

Use of Non-GAAP Measures

This MD&A contains references to "net equity value per Common Share", "growth in net equity value per Common Share" and "net investment income per Common Share". These terms do not have any standardized meanings in GAAP (generally accepted accounting principles) and therefore may not be comparable to similar measures presented by other companies. The Company believes that these measures provide information useful to our shareholders in evaluating the Company's financial results.

Net equity value per Common Share is used by investors and management as a comparison to the market price of its Common Shares to determine the discount or premium at which the Company's Common Shares are trading relative to the net equity value per Common Share.

Net investment income per Common Share is used by both investors and management to assess the approximate amount of dividends to be distributed on Common Shares.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Net equity value per Common Share is calculated as follows (in thousands of dollars, except number of Common Shares and per Common Share amounts):

	December 31 2021	December 31 2020
Net assets	\$ 1,098,092	\$ 915,991
Common Shares outstanding	5,585,535	5,587,735
Net equity value per Common Share	\$ 196.60	\$ 163.93

Net investment income per Common Share is calculated as follows (in thousands of dollars, except number of Common Shares and per Common Share amounts):

	Three months ended December 31		Year ended December 31	
	2021	2020	2021	2020
Net income	\$ 34,556	\$ 105,175	\$ 211,808	\$ 30,100
Add (deduct):				
Other net fair value changes in investments	(27,164)	(109,018)	(180,420)	(573)
Tax on other net fair value changes in investments	3,599	14,445	23,838	76
Net change in refundable dividend taxes on hand	20	(21)	16	(82)
Net investment income ¹	\$ 11,011	\$ 10,581	\$ 55,242	\$ 29,521
Weighted average Common Shares outstanding	5,585,787	5,588,067	5,586,384	5,596,895
Net investment income per Common Share ¹	\$ 1.97	\$ 1.89	\$ 9.89	\$ 5.27

¹ On an after-tax basis.

Net Equity Value per Common Share

The Company's net equity value per Common Share increased to \$196.60 at December 31, 2021 from \$163.93 at the prior year end.

With dividends reinvested at month-end net equity values, the Company's net equity value growth was 23.5% in 2021, compared to 3.9% during 2020.

Long-term investments had a total return, including dividends, of 32.0% return in 2021 compared to nil% during 2020. On a pre-tax basis, the shares of E-L Financial had a positive return of 30.5% during 2021 (2020 – negative 4.1%), the shares of Algoma had a return of 27.2% (2020 – 30.9%), and the shares of the Bank of Nova Scotia had a positive return of 35.4% (2020 – negative 1.3%).

The global investment portfolio had a pre-tax return, gross of fees of 21.8% in 2021 compared to 7.4% for 2020.

As the Company is a taxable Canadian corporation, the Company's net equity value is net of a current income tax provision on net investment income and realized gains on investments, and net of a deferred income tax provision on its unrealized appreciation of investments.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Net Equity Value per Common Share (continued)

In Canadian dollar terms, total returns (capital gains plus dividends), for Economic's net equity value and stock market indices, were as follows:

	Year ended Dec. 31, 2021	Year ended Dec. 31, 2020
		(%)
Economic net equity value	23.5	3.9
S&P/TSX Composite Index	25.1	5.6
MSCI All Country World Index	17.9	14.4
S&P 500 Index	28.2	16.1

Growth in Net Equity Value ("NAV")

Set out below is a table that shows annual growth in NAV in each of the past 10 calendar years:

Annual growth in NAV*

	NAV per Common Share	Annual Growth %
2012	\$ 83.98	13.9
2013	123.60	48.8
2014	122.43	4.5
2015	132.62	9.5
2016	138.26	5.4
2017	151.98	11.8
2018	142.92	(4.7)
2019	160.91	14.2
2020	163.93	3.9
2021	196.60	23.5

Compound annual growth*

2012 - 2021 - 10 years 12.3

*This chart was drawn from the individual annual reports and any NAV amounts prior to 2014 have not been restated for any subsequent changes in accounting policies. Growth in NAV is determined by the percentage change in NAVs for the period with dividends paid by the Company reinvested at month-end NAVs.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Operating Results - 2021

Net income

The Company reported net income of \$211,808,000 in 2021 compared to \$30,100,000 in 2020. Earnings per share increased to \$37.92 in 2021 compared to \$5.38 for 2020.

The other net fair value changes in investments was a gain of \$180,420,000 in 2021 compared to \$573,000 for 2020.

The other net fair value changes for long-term investments was a gain of \$95,836,000 in 2021 compared to a loss of \$25,325,000 for 2020. The Company's year-to-date long-term investment gain was comprised primarily of gains in E-L Financial of \$66,092,000, The Bank of Nova Scotia of \$15,160,000, and Algoma of \$9,024,000.

The global investment portfolio had an other net fair value gain of \$84,584,000 in 2021 compared to \$25,898,000 in 2020.

The 2021 gain for the global investment portfolio performance included investment gains from North America of \$80,240,000 and Europe \$5,967,000 offset by investment losses in Japan of \$1,992,000.

The top three contributors of the global investment portfolio included Alphabet Inc. Class A, Microsoft Corporation, and AutoZone, Inc. The largest detractors to the investment performance included Koninklijke Ahold Delhaize N.V., Allison Transmission Holdings Inc., and Kao Corporation.

The Company's net realized gain, all of which relates to the global investment portfolio, was \$193,428,000 in 2021 compared to \$17,914,000 in 2020. The significant increase in net realized gains for 2021 is primarily attributable to higher investment portfolio turnover resulting from the change in investment manager with the appointment of Neuberger Berman Canada.

Net investment income

The Company's net investment income in 2021 increased to \$55,242,000 compared to \$29,521,000 in 2020, an increase of \$25,721,000. On a per Common Share basis, net investment income for the year increased to \$9.89 in 2021 compared to \$5.27 in 2020.

Foreign dividend income in 2021 decreased by 1.7% to \$9,095,000 from \$9,256,000 in 2020. In general, foreign dividend income is impacted by changes in the composition of the investment portfolio, variability in foreign exchange rates and dividend yields. Continuing into the current year, certain companies within the global investment portfolio temporarily suspended or reduced dividends contributing to the decline in foreign dividend income.

Canadian dividend income in 2021 increased by \$26,263,000 to \$51,680,000 from \$25,417,000 in 2020 primarily attributed to a special dividend received from E-L Financial of \$30,896,000 or \$80.00 per E-L Financial share. In the first quarter of the prior year, the Company received a special dividend of \$9,655,000 from its investment in E-L Financial, and during the fourth quarter of the prior year, the Company recorded a special dividend of \$5,635,000 from its investment in Algoma. The balance of the increase in the current year resulted from increased dividends from Ecando Investments Limited, NVG Holdings Limited, and TGV Holdings Limited.

Interest and securities lending income decreased in 2021 to \$152,000 from \$255,000 in 2020 primarily attributable to lower interest earned on cash balances.

The expenses of the Company increased by 12.5% to \$4,397,000 from \$3,910,000 in 2020, primarily from an increase in investment management and administrative costs resulting from higher average investment portfolio values during the year. The Company's management expense ratio decreased to 0.43% for the current year from 0.47% of average net assets for the prior year. The management expense ratio is determined using total expenses as an annualized percentage of average monthly net asset values during the period. There are no investment management or administrative fees charged on the Company's long-term investments.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Operating Results - Fourth Quarter, 2021

The Company's net equity value per Common Share increased to \$196.60 at December 31, 2021 from \$190.70 at September 30, 2021. With dividends reinvested at month-end net equity values, the Company's net equity value return was 3.3% in the fourth quarter of 2021 compared to 13.0% for the same period in 2020.

On a pre-tax basis, the shares of E-L Financial had a negative return of 2.5% during the fourth quarter of 2021 compared to a positive return of 16.5% in 2020, the shares of Algoma had a positive return of 2.1% (2020 – 65.8%) and the shares of The Bank of Nova Scotia had a positive return of 16.0% (2020 – 26.0%), respectively.

The global investment portfolio had a pre-tax return, gross of fees, for the fourth quarter of 2021 of 7.1% versus 8.4% for the fourth quarter of 2020.

In Canadian dollar terms, in the fourth quarter of 2021, the S&P/TSX Composite Index increased 6.5%, the MSCI All Country World Index increased 7.3% and the S&P 500 Index increased 10.5%.

Three-Year Results

A summary of various financial data for each of the last three years is as follows (in thousands of dollars, except per share amounts):

	2021	2020	2019
Other net fair value changes in investments ¹	\$ 156,582	\$ 497	\$ 98,257
Other net fair value changes in investments per Common Share ¹	28.03	0.10	17.49
Total assets	1,195,545	991,854	984,195
Net investment income ^{1,2}	55,242	29,521	15,262
Net investment income per Common Share ²	9.89	5.27	2.72
Dividends per Common Share:			
Quarterly	1.20	1.20	1.20
Additional	4.07	1.52	1.02

¹ On an after-tax basis.

² See Use of Non-GAAP Measures.

Economic's investment portfolio is affected by equity markets, stock selection and currency movements.

In 2021, the performance of Economic was favourably affected by the global investment portfolio that had a total return of 21.8%. This positive return was impacted by a 32.0% return from long-term investments.

In 2020, the performance of Economic was favourably affected by the global investment portfolio that had a total return of 7.4%. In addition, Economic was impacted by a nil% return from long-term investments. In particular, negative returns in E-L Financial, and The Bank of Nova Scotia were offset by strong returns in Algoma.

In 2019, the performance of Economic was favourably affected by strong returns from its long-term investments, in particular, E-L Financial, Algoma and The Bank of Nova Scotia. Long-term investments, in aggregate, had a total return of 12.7%. The global investment portfolio had a total return of 18.2%.

The fluctuations in net investment income are due primarily to changes in dividend income that is earned by the Company, net of management fees.

Economic Investment Trust Limited

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Investment income is derived primarily from dividend income that is earned by the Company. While North American investments usually pay regular quarterly dividends, investments outside of North America often pay less frequently. In general, dividends earned on investments outside of North America peak in the second quarter of the year. On occasion, the Company will receive special dividends on certain investments. In the third quarter of 2021, the Company received a special dividend from its investment of E-L Financial for \$30,896,000. In the first quarter of 2020, the Company received a special dividend from its investment of E-L Financial for \$9,655,000. In the fourth quarter of 2020, the Company recorded a special dividend from its investment of Algoma for \$5,635,000. There is no guarantee that the Company will receive dividend income on its investments at current dividend payout levels.

Overall returns are determined by the performance of the Company's long-term investments and the performance of the global investment portfolio and may fluctuate significantly as illustrated by the past eight quarters. The returns generated within each portfolio may also not correlate with benchmark returns.

Disclosure Controls and Procedures

The Company's disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by the Company under Canadian securities laws is recorded, processed, summarized and reported within the specified time periods, and include controls and procedures that are designed to ensure that information is accumulated and communicated to management on a timely basis to allow appropriate decisions regarding public disclosure. Under the supervision of management, an evaluation was carried out on the effectiveness of the Company's disclosure controls and procedures as at December 31, 2021. Based on that evaluation, management concluded that the Company's disclosure controls and procedures were effective as at December 31, 2021.

Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with International Financial Reporting Standards. Under the supervision of management, an evaluation of the Company's internal control over financial reporting was carried out as at December 31, 2021. Based on that evaluation, management concluded that the Company's internal control over financial reporting was effective as at December 31, 2021. No changes were made in the Company's internal control over financial reporting during the year ended December 31, 2021, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Risks

As the Company is a closed-end investment corporation, Economic faces various risks arising from its investments. Under the supervision of the Board of Directors, management has developed policies to identify and monitor these risks. Note 4 to the December 31, 2021 financial statements provide disclosures surrounding risks arising from its financial instruments. These risks include market, liquidity, credit and certain concentration risks.

Market risk

The most significant risk that is faced by Economic is market risk which represents exposures to changes in the fair value of its investment portfolio. As the Company's investment portfolio is represented by Canadian and global equities, the value of its investments will vary from day to day depending on a number of market factors including economic conditions, global events, market news, and on the performance of the issuers of the securities in which the Company invests. Changes in foreign currency exchange rates will also affect the value of investments of non-Canadian dollar securities.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

As of December 31, 2021, 31% (2020 – 27%) of the investment portfolio including cash and cash equivalents was denominated in U.S. dollars, 4% (2020 – 7%) Euro, 3% (2020 – 6%) Japanese yen, 2% (2020 – 5%) Swiss franc, 2% (2020 – 0%) Taiwanese dollar, 1% (2020 – 4%) British pound, and 1% (2020 – 1%) Hong Kong dollar.

Concentration risk

Concentration risk exists when a significant portion of the equity investment portfolio is invested in a small number of companies or geographical areas. Concentration reduces the diversification of the investment portfolio and may result in greater volatility. At December 31, 2021, the Company's carrying value of its direct and indirect investment in E-L Financial of \$419,061,000 (2020 - \$352,969,000) represents 36.6% (2020 – 36.9%) of Economic's total equity investments. E-L Financial is subject to market risks as its investing activities are influenced by market price and interest rate risk. E-L Financial's subsidiary, Empire Life, is impacted by a number of risks including investment, insurance, operational, competition, regulatory and other risks.

Credit risk

Economic participates in securities lending which could expose the Company to the risk of counterparty failure. RBC Investor Treasury Services ("RBCITS"), the Company's custodian, acts as lending agent. RBCITS is responsible to return the borrowed securities to the Company when required, and RBCITS indemnifies the Company in the event of borrower default. The Company has recourse to the Royal Bank of Canada in the event of a failure to indemnify by RBCITS.

The Company's exposure to risks is also addressed in the Company's Annual Information Form. Further information on risks related to E-L Financial are disclosed in its Annual Information Form available on www.sedar.com.

Share Data

At December 31, 2021, there are 5,585,535 (2020 - 5,587,735) Common Shares issued and outstanding and each share is entitled to one vote.

Normal Course Issuer Bid

On March 4, 2021, the Company obtained approval from the TSX to commence a normal course issuer bid ("NCIB") to purchase up to 279,386 Common Shares between March 9, 2021 and March 8, 2022. Daily purchases (other than pursuant to a block purchase exemption) on the TSX under the NCIB were limited to 1,000 common shares. The price that the Company will pay for common shares in open market transactions will be the market price at the time of purchase.

For the year ended December 31, 2021, 2,200 (2020 - 27,800) shares were purchased under the NCIB at an average price of \$118.64 (2020 - \$89.10) per share for a total consideration of \$261,000 (2020 - \$2,477,000).

Liquidity and Capital Resources

The Company's dividend policy is to distribute annual net investment income. The distributions are composed of quarterly dividends together with an additional dividend representing the balance of net investment income for the previous fiscal year. During the year, the Company paid quarterly dividends totaling \$1.20 per Common Share and an additional dividend of \$4.07 (2020 - \$1.52) per Common Share.

An additional dividend of \$8.69 per Common Share will be paid in the first quarter of fiscal 2022 along with the \$0.30 quarterly dividend.

The Company's dividend policy is established by the Board of Directors at its discretion and is subject to change.

Economic Investment Trust Limited

MANAGEMENT'S DISCUSSION AND ANALYSIS

Related Party Transactions

The Company has investments in related parties (see Schedule of Investment Portfolio) with a fair value at December 31, 2021 of \$556,908,000 (2020 - \$461,072,000) representing 48.6% (2020 – 48.2%) of the total investments. Dividends from these companies for the year ended December 31, 2021 amounted to \$51,583,000 (2020 - \$25,364,000).

E-L Financial holds a 24.1% interest in the Company. Included in investment management and administrative costs are fees for administrative services paid to E-L Financial. These fees are calculated at 0.1% per annum of the fair value of the investments managed by the external investment manager and are paid monthly. The total fees for the year ended December 31, 2021 amounted to \$621,000 (2020 - \$529,000).

The ultimate controlling party of the Company and of these related parties is The Honourable Henry N.R. Jackman together with a trust created in 1969 by his father, Henry R. Jackman.

Critical Accounting Estimates

The preparation of the financial statements require management to make estimates and assumptions that affect the reported amounts of assets, liabilities and earnings. Note 2 to the financial statements describes the significant accounting policies and note 3 contains critical accounting estimates and judgments. In measuring the fair value of investments, management exercises judgment in the selection of fair value inputs and in determining their significance to the fair value estimate.

Novel Coronavirus (or COVID-19)

The continued worldwide spread of novel coronavirus (or COVID-19) continues to impact international business operations, supply chains, travel, commodity prices, consumer confidence and business forecasts. This has created increased uncertainty and volatility which will impact the performance and expected returns of the investment portfolios.

The Company continues to adjust operations as government restrictions and measures evolve. As the impacts of the COVID-19 pandemic continue to materialize, management is monitoring the developments in equity markets generally, and in connection with the Company's investment portfolios in particular.

To date, the Company has taken proactive measures through business continuity plans, carefully planning the return to premises for some employees. Processes supporting ongoing systems availability, stability and security are operating effectively and the Company continues to monitor the threat landscape.

The duration and impacts of the COVID-19 outbreak cannot currently be determined. If the COVID-19 pandemic is prolonged, or further diseases emerge that give rise to similar effects, there may be further negative effects on economies as well as increased volatility in equity markets. Unexpected developments in financial markets, regulatory environments, may also have adverse impacts on the Company's financial results.

Additional Information

Additional information relating to Economic, including the Company's Annual Information Form, is available at www.sedar.com.

Economic's website, www.evt.ca, also provides further information on the Company, including historical information on the net equity value per Common Share which is updated weekly.

MANAGEMENT'S REPORT

The accompanying financial statements have been prepared by management and approved by the Board of Directors of the Company. Management is responsible for the information and representations contained in these financial statements and other sections of the Annual Report.

The Company maintains appropriate processes to ensure that relevant and reliable financial information is produced. The financial statements have been prepared in accordance with International Financial Reporting Standards and include certain amounts that are based on estimates and judgment. The significant accounting policies which management believes are appropriate for the Company are described in Note 2 to the financial statements. Financial information disclosed elsewhere in the Annual Report is consistent with the financial statements.

The Board of Directors is responsible for reviewing and approving the financial statements and overseeing management's performance of its financial reporting responsibilities. The Board of Directors carries out its responsibilities principally through the Audit Committee. The Audit Committee reviews the financial statements, the adequacy of internal controls, the audit process and financial reporting with management and the external auditor prior to recommending the audited financial statements and related disclosure for approval by the Board of Directors.

The shareholders of the Company appointed the external auditor, PricewaterhouseCoopers LLP. The external auditor audited the financial statements in accordance with Canadian generally accepted auditing standards to enable them to express to the shareholders their opinion on the financial statements. Their report is set out on the following page.

Economic Investment Trust Limited

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Economic Investment Trust Limited

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Economic Investment Trust Limited (the Company) as at December 31, 2021 and 2020, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS).

What we have audited

The Company's financial statements comprise:

- the statements of financial position as at December 31, 2021 and 2020;
 - the statements of comprehensive income for the years then ended;
 - the statements of changes in shareholders' equity for the years then ended;
 - the statements of cash flow for the years then ended; and
 - the notes to the financial statements, which include significant accounting policies and other explanatory information.
-

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Economic Investment Trust Limited

Key audit matter	How our audit addressed the key audit matter
<p>Fair value of investments in private companies</p> <p><i>Refer to Note 2 – Summary of significant accounting policies, Fair value measurement, Note 3 – Critical accounting estimates and judgments, Fair value of investments in private companies and Note 5 – Financial instruments to the financial statements.</i></p> <p>At December 31, 2021, Level 3 equity investments in private companies were \$169,446,000. These investments are measured at fair value. The Company utilizes the adjusted net asset method to measure the fair value of investments in private companies. This method estimates the fair values of the underlying net assets of the private companies by referencing the net assets and liabilities of those companies and considers adjustments for characteristics such as a minority marketability discount and control block premiums. These adjustments are unobservable inputs for fair value measurement. Determining unobservable inputs requires the use of significant management judgment.</p> <p>We considered this a key audit matter due to the significant judgment applied by management in determining the fair value estimates of the investments in private companies. This led to a high degree of auditor judgment in performing procedures relating to the valuation of the investments in private companies. The audit effort involved the use of professionals with specialized skill and knowledge in the field of valuation.</p>	<p>Our approach to addressing the matter involved the following procedures, among others:</p> <p>Tested how management determined the fair value estimates, which included the following:</p> <ul style="list-style-type: none"> • Evaluated the appropriateness of the adjusted net asset method being applied by management. • Agreed the net assets of the private companies to the underlying private companies' audited financial statements. • Professionals with specialized skill and knowledge in the field of valuation assisted with evaluating the methodology applied by management in fair valuing the minority interests in the private companies by assessing whether management's method appropriately applies a minority marketability discount and control block premiums. • Evaluated the minority marketability discount and control block premiums for reasonableness by examining underlying support and considering whether this was consistent with evidence obtained in other areas of the audit.

Economic Investment Trust Limited

Other information

Management is responsible for the other information. The other information comprises the Management's Discussion and Analysis and the information, other than the financial statements and our auditor's report thereon, included in the annual report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Economic Investment Trust Limited

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Robert D'Aroffi.

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021

1. Description of business

Economic Investment Trust Limited (“Economic” or the “Company”) is a closed-end investment corporation. The head office, principal address and registered office of the Company is located at 165 University Avenue, Toronto, Ontario, M5H 3B8.

Economic trades on the Toronto Stock Exchange under the symbol EVT. Economic is an investment vehicle for long-term growth through investments in common equities, as management believes that over long periods of time, common equities, as an asset class, will outperform fixed-income instruments or balanced funds. From time to time, however, assets of the Company may be invested in interest-bearing short-term securities pending the selection of suitable equity investments.

The financial statements are presented in Canadian dollars which is the functional and presentation currency. These financial statements were approved by the Company’s Board of Directors on February 9, 2022.

2. Summary of significant accounting policies

Basis of presentation

These financial statements have been prepared in compliance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss (“FVTPL”).

Investment entity

The Company has determined that it meets the definition of an investment entity and as a result, it measures its investment in an associate at FVTPL. An investment entity is an entity that (i) obtains funds from one or more investors for the purposes of providing them with investment management services; (ii) commits to its investors that its business purpose is to invest funds solely for returns from capital appreciation, investment income or both; and (iii) measures and evaluates the performance of substantially all of its investments on a fair value basis.

Financial instruments

The Company classifies its investments based on both the Company’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Company is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The collection of contractual cash flows is only incidental to achieving the Company’s business model objective. Consequently, all investments are classified and measured at fair value through profit or loss.

All other financial assets and liabilities are measured at amortized cost. Under this method, financial assets and liabilities reflect the amount required to be received or paid, discounted, when appropriate, at the contract’s effective interest rate. The cost of each investment and realized and unrealized gains and losses from investment transactions are determined on an average cost basis, and are presented in the statement of comprehensive income within Other net fair value changes in investments in the period in which they arise.

Financial assets are derecognized when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

Interest income from short-term investments is recognized at the effective interest rate. Dividends are recognized as income on the ex-dividend date.

Purchases and sales of financial assets are recognized at their trade date. Receivables in respect to investments sold and payables in respect to investments purchased represent unsettled investment transactions.

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

2. Summary of significant accounting policies (continued)

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

For publicly listed investments, the Company uses the last traded market price where this price falls within that day's bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Company determines the point within the bid-ask spread that is most representative of fair value based on the specific facts and circumstances.

The investments in private companies that are not listed on a stock exchange are measured using the adjusted net asset method. This method estimates the fair values of the underlying net assets and liabilities of the private companies and considers adjustments for characteristics such as a minority marketability discount and control block premiums. The changes in fair value of each private company are included in Other net fair value changes in investments in the statement of comprehensive income.

Foreign currency translation

Foreign currency transactions are translated into Canadian dollars using the exchange rates prevailing at the dates that transactions occur. Assets and liabilities denominated in a foreign currency are translated into Canadian dollars using the exchange rate prevailing at the measurement date. Foreign exchange gains and losses relating to financial assets and liabilities are included as a component of the Other net fair value change in investments in the statement of comprehensive income.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand and short term, highly liquid instruments with maturities of three months or less from the date of acquisition.

Short-term investments

Short-term investments include short-term, highly liquid instruments with maturities of greater than three months but less than a year from the date of acquisition.

Securities lending income

Securities lending income is recognized as earned.

Comprehensive income

The Company does not have any other comprehensive income and therefore comprehensive income equals net income which it reports in its statement of comprehensive income.

Earnings per share ("EPS")

Basic and diluted EPS is calculated by dividing the net income attributed to common shareholders of the Company by the weighted average number of Common Shares outstanding for the period. Refer to Note 13 for the calculation.

Income taxes

Income tax comprises both current and deferred tax. Income tax is recognized in the statement of income.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute these amounts are those that are enacted or substantively enacted at the end of each reporting period.

Deferred income tax assets and liabilities are recorded for the expected future income tax consequences of events that have been reflected in the statements or income tax returns.

Deferred income taxes are provided for using the liability method. Under the liability method, deferred income taxes are recognized for all significant temporary differences between the tax and financial statement bases for assets and liabilities and for certain carry-forward items.

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

2. Summary of significant accounting policies (continued)

Deferred income tax assets are recognized only to the extent that, in the opinion of management, it is probable that the deferred income tax assets will be realized. Deferred income tax assets and liabilities are adjusted for the effects of changes in tax laws and rates, on the date of the enactment or substantive enactment.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they relate to income taxes levied by the same tax authority on the same taxable entity.

The Company currently incurs withholding taxes imposed by certain countries on investment income. Such income is recorded on a gross basis and the related withholding taxes are reflected within the Provision for income taxes in the statement of comprehensive income. Withholding taxes recoverable are included as a component of other assets in the Statement of financial position.

Future Accounting Changes

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after January 1, 2022, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements.

3. Critical accounting estimates and judgments

The preparation of financial statements requires management to use judgment in applying its accounting policies and to make estimates and assumptions about the future. The following discusses the most significant accounting judgments and estimates that the Company has made in preparing the financial statements:

Fair value of investments in private companies

The fair value of investments in private companies is measured using the adjusted net asset method which estimates the fair value of the underlying net assets and liabilities of the private companies. Refer to Note 5 for further details.

Deferred taxes

Estimates and assumptions are used primarily in the determination of the Company's deferred tax liabilities, as the income tax rates used in determining the liability is dependent on an assumption as to when a deferred tax liability is expected to be realized.

4. Risks associated with financial instruments

The Company faces various risks arising from its financial instruments. Under the supervision of the Board of Directors, management has developed policies to identify, measure and monitor these risks. These risks and their management are described below:

Credit risk

Credit risk is the risk of financial loss resulting from a counterparty's failure to discharge an obligation. The Company has a securities lending agreement with its custodian, RBC Investor & Treasury Services ("RBCITS"), whereby RBCITS lends securities to borrowers for a fee, which is shared with the Company. RBCITS receives fixed income and equities as collateral from borrowers, of at least 105% of the value of the securities loaned. In the event that the loaned securities are not returned to the Company by the borrower, RBCITS is responsible to restore the securities or pay to the Company the market value of the loaned securities. If the collateral is not adequate to pay the market value to the Company, RBCITS indemnifies the Company for the difference. The Company has recourse to the Royal Bank of Canada should RBCITS fail to discharge its obligations to the Company. At December 31, 2021 the Company had loaned securities with a fair value of approximately \$nil (2020 - \$86,074,000) and RBCITS received approximately \$nil (2020 - \$90,378,000) in collateral. There was no significant exposure to credit risk to other receivable balances because of their short-term nature.

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

4. Risks associated with financial instruments (continued)

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they come due. Sufficient liquidity is maintained by regular monitoring of cash flow requirements. All liabilities, other than deferred tax liabilities, settle within three months of the year end.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices which includes interest rate risk, foreign currency risk and other price risk.

The Company is not subject to significant interest rate risk, as its only fixed-interest investments are short term in nature.

Currency risk arises from financial instruments denominated in foreign currencies. IFRS 7 - "Financial Instrument Disclosures" considers the foreign exchange exposures relating to non-monetary financial instruments to be a component of other price risk. The Company's distribution of underlying currency risk exposure of investments is as follows:

	2021	2020
	(000's)	
Canadian dollar	\$ 575,113	\$ 462,485
U.S. dollar	363,581	271,490
European Union euro	46,307	65,773
Japanese yen	31,584	59,111
British pound sterling	23,585	39,825
Hong Kong dollar	23,305	—
Taiwanese dollar	22,639	—
Swiss franc	14,019	51,108
Other	45,902	6,972
Investments	<u>\$ 1,146,035</u>	<u>\$ 956,764</u>

The Company is exposed to other price risk through its investment in equity securities. These risks are mitigated by using an investment manager that manages a diversified portfolio of securities.

A 10% fluctuation in global equity market prices, assuming all other factors are constant, would have an after-tax impact of approximately \$99,419,000 (2020 - \$82,999,000) on net income.

At December 31, 2021, cash and cash equivalents included the Canadian dollar equivalent of approximately \$2,203,000 Norwegian krone, \$113,000 U.S. dollars and \$290,000 Taiwanese dollars.

Concentration risk

Concentration risk exists when a significant portion of the investment portfolio is invested in a small number of companies or geographical areas. Concentration reduces the diversification of the investment portfolio and may result in greater volatility. At December 31, 2021, the Company's fair value of its direct and indirect investment in E-L Financial of \$419,061,000 (2020 - \$352,969,000) represented 36.6% (2020 - 36.9%) of Economic's total equity investments.

5. Financial instruments

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted unadjusted prices in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

5. Financial instruments (continued)

If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability. The determination of what constitutes 'observable' requires judgment by the Company. The Company considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The Company utilizes the adjusted net asset method to derive the fair value of investments in private companies by reference to the fair value of its net assets and liabilities, along with assessing a minority marketability discount and control block premiums, if any. These adjustments are unobservable inputs for fair value measurement. The adjusted net asset method has been determined most appropriate for an investment whose value is mainly derived from the holding of assets rather than from deploying those assets as part of a broader business. The Company identified a range of possible valuations which market participants could apply to the private companies. This analysis resulted in a range of plus or minus 10% of the fair value of the underlying net assets with a best estimate adjustment of zero. Taking this into account, the Company applied no minority marketability discount or control premium to the net asset value estimate of the private companies. If the minority marketability discount was 10%, or if the premium was 10%, with all other variables remaining constant, net assets would have decreased or increased on an after-tax-basis by approximately \$14,699,000 (2020 - \$11,800,000).

At December 31, 2021, the Company had \$976,589,000 (2020 - \$820,739,000) of Level 1 and \$169,446,000 (2020 - \$136,025,000) of Level 3 equity investments. There were no transfers between Level 1, 2 or 3 equity investments during the current or prior year.

The fair value change in private company investments was an increase of \$33,421,000 (2020 - a decrease of \$2,499,000) recognized in the statement of comprehensive income. There were no purchases, sales, issues or settlements of these investments during either year.

All cash equivalents and short-term investments are Level 2 investments. The carrying values of cash and cash equivalents, receivables and payables in respect of investments sold or purchased, dividends and interest receivable, and accrued expenses, approximate their fair values due to their short-term nature.

6. Investment in associate

The Company has the following investment in an associate.

TGV Holdings Limited ("TGV") is a private investment company incorporated in Canada. The principal address of TGV is located at 165 University Avenue, Toronto, ON, M5H 3B8. TGV is an investment vehicle for long-term growth through investments in common equities and is consistent with the Company's investment strategy and contributes to achieving the investment objective. TGV is exposed to other price risk and concentration risk primarily through indirect investments in The Bank of Nova Scotia.

	Ownership interest %	Carrying value	
		2021	2020
		(000's)	
TGV Holdings Limited	47.7%	\$ 16,245	\$ 12,788

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

7. Cash and cash equivalents

Components of cash and cash equivalents for purposes of the statements of cash flows are as follows:

	<u>2021</u>	<u>2020</u>
	(000's)	
Cash	<u>\$ 46,110</u>	<u>\$ 11,246</u>

The following table presents cash and cash equivalents classified by the fair value hierarchy:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total fair value</u>
	(000's)			
December 31, 2021	\$ 46,110	\$ —	—	\$ 46,110
December 31, 2020	11,246	—	—	11,246

8. Income taxes

The Company is a public corporation under the Income Tax Act and is subject to tax at normal corporate rates on its net realized gains (Note 10) and on investment income other than taxable dividends received from corporations resident in Canada. Income taxes are assessed on income before income taxes. The current enacted corporate income tax rate as it impacts the Company stands at 26.5%. The effective tax rate varies from the combined statutory rate as follows:

	<u>2021</u>	<u>2020</u>
	(000's)	
Income taxes at statutory rate	\$ 62,792	\$ 8,372
Variance as a result of:		
Non-taxable portion of (gains) losses	(23,906)	(76)
Tax-paid dividends	(13,695)	(6,735)
Other	(49)	(70)
Provision for income taxes	<u>\$ 25,142</u>	<u>\$ 1,491</u>

The Company's provision for income taxes includes provisions for current and deferred income taxes as follows:

	<u>2021</u>	<u>2020</u>
	(000's)	
Current	\$ 26,941	\$ 3,931
Deferred	(1,799)	(2,440)
Provision for income taxes	<u>\$ 25,142</u>	<u>\$ 1,491</u>

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

8. Income taxes (continued)

Deferred tax liabilities are non-current and arise from the timing of the inclusion of accrued dividends for income tax purposes and from differences between the carrying value and the tax cost of the investments. Details of the deferred tax liabilities are as follows:

	<u>2021</u>	<u>2020</u>
	(000's)	
Unrealized appreciation of investments	\$ 73,072	\$ 74,861
Accrued dividends receivable	175	185
Deferred tax liabilities	<u>\$ 73,247</u>	<u>\$ 75,046</u>

Deferred tax expense included in net income represents movements related to the following items:

	<u>2021</u>	<u>2020</u>
	(000's)	
Investments	\$ (1,789)	\$ (2,369)
Accrued dividends	(10)	(71)
Deferred income taxes	<u>\$ (1,799)</u>	<u>\$ (2,440)</u>

During the year ended December 31, 2021, the Company paid income tax balances totaling \$2,914,000 (2020 - \$4,168,000) and received income tax refunds totaling \$711,000 (2020 - \$8,000). These items are classified as cash flows from operating activities in the cash flow statement.

The Company is also subject to a special tax of up to approximately 38% on taxable dividends received from corporations resident in Canada. This tax is refundable on payment of taxable dividends to shareholders at the rate of approximately 38% of such dividends paid. The accumulated amount of refundable dividend tax at December 31, 2021 amounts to approximately \$48,000 (2020 - \$31,000).

9. Other net fair value changes in investments

The Other net fair value changes in investments is comprised as follows:

	<u>2021</u>	<u>2020</u>
	(000's)	
Net realized gains	\$ 193,428	\$ 17,914
Net change in unrealized appreciation	(13,008)	(17,341)
	<u>\$ 180,420</u>	<u>\$ 573</u>

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

10. Net realized gain

The following are the details of the net realized gain during the years indicated:

	2021	2020
	(000's)	
Proceeds on sales of investments	\$ 607,186	\$ 103,868
Cost of investments, beginning of year	382,492	352,221
Cost of investments purchased during year	616,037	116,225
	998,529	468,446
Cost of investments, end of year	584,771	382,492
Cost of investments, sold during year	413,758	85,954
Net realized gain	\$ 193,428	\$ 17,914

11. Share capital and share premium

The Company's Articles of Continuance provide for an authorized capital of 200,000 Preferred Shares, issuable in series, and an unlimited number of Common Shares. Of the 200,000 Preferred Shares so authorized, 100,000 are designated as 5% Cumulative Preferred Shares Series A ("Preferred Shares Series A").

The capital stock account of the Company is as follows:

	Authorized	Issued and Outstanding	2021	2020
	(000's)			
Common Shares				
Issued and outstanding	unlimited	5,585,535	\$ 203,598	
Common Shares				
Issued and outstanding	unlimited	5,587,735		\$ 203,678

	Number of shares	Amount
	(000's)	
Common shares, beginning of year	5,587,735	\$ 203,678
Repurchase and cancellation of shares	(2,200)	(80)
Common shares, end of year	5,585,535	\$ 203,598

The share premium of the Company is as follows:

	2021	2020
	(000's)	
Share premium	\$ —	\$ 10
	2021	2020
Share premium, beginning of year	\$ 10	\$ 1,474
Repurchase and cancellation of shares	(10)	(1,464)
Share premium, end of year	\$ —	\$ 10

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

11. Share capital and share premium (continued)

On March 4, 2021, the Company obtained approval from the TSX to renew its normal course issuer bid ("NCIB") to purchase up to 279,386 Common Shares between March 9, 2021 and March 8, 2022. Daily purchases (other than pursuant to a block purchase exemption) on the TSX under the NCIB were limited to 1,000 common shares. The price that the Company will pay for common shares in open market transactions will be the market price at the time of purchase.

For the year ended December 31, 2021, 2,200 (2020 - 27,800) shares were purchased under the NCIB at an average price of \$118.64 (2020 - \$89.10) per share for a total consideration of \$261,000 (2020 - \$2,477,000). The total amount paid to purchase the shares is allocated to share capital, share premium, and retained earnings in the statements of changes in equity. The amount allocated to share capital is based on the average cost per Common Share and amounts paid above the average cost are allocated to share premium and retained earnings.

Dividends during the year were paid as follows:

	2021	2020
	(000's)	
On Common Shares:		
Quarterly - \$0.30 (2020 - \$0.30) quarterly per share	\$ 6,704	\$ 6,716
Additional - \$4.07 (2020 - \$1.52) per share	22,742	8,532
Total	<u>\$ 29,446</u>	<u>\$ 15,248</u>

The Company's dividend policy is to distribute annual net investment income. The distributions are composed of quarterly dividends together with an additional dividend representing the balance of net investment income for the previous fiscal year. During the year, the Company paid quarterly dividends totaling \$1.20 (2020 - \$1.20) per Common Share and an additional dividend of \$4.07 (2020 - \$1.52) per Common Share.

An additional dividend of \$8.69 per Common Share, and the \$0.30 regular quarterly dividend, were declared by the Board of Directors at its meeting on February 9, 2022, with a record and payable date of March 15, 2022 and March 31, 2022, respectively.

The Company's dividend policy is established by the Board of Directors at its discretion and is subject to change.

12. Related party information

The Company has investments in related parties (see Schedule of Investment Portfolio) with a fair value at December 31, 2021 of \$556,908,000 (2020 - \$461,072,000) representing 48.6% (2020 - 48.2%) of the total investments. Dividends from these companies for the year ended December 31, 2021 amounted to \$51,583,000 (2020 - \$25,364,000).

E-L Financial holds a 24.1% interest in the Company. Included in investment management and administrative costs are fees for administrative services paid to E-L Financial. These fees are calculated at 0.1% per annum of the fair value of the investments managed by the external investment manager and are paid monthly. The total fees for the year ended December 31, 2021 amounted to \$621,000 (2020 - \$529,000).

The ultimate controlling party of the Company and of these related parties is The Honourable Henry N.R. Jackman together with a trust created in 1969 by his father, Henry R. Jackman.

Compensation of key management personnel

Key management personnel comprise the directors of the Company and their remuneration is as follows:

	2021	2020
	(000's)	
Directors' compensation and other short-term benefits	<u>\$ 376</u>	<u>\$ 303</u>

Economic Investment Trust Limited

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2021 (continued)

13. Earnings per share (“EPS”)

Basic and diluted EPS

EPS is calculated as follows (in thousands of dollars, except for weighted average number of Common Shares outstanding and per Common Share amounts):

	<u>2021</u>	<u>2020</u>
Net income	\$ 211,808	\$ 30,100
Weighted average number of Common Shares outstanding	5,586,384	5,596,895
Basic and diluted earnings per Common Share	\$ 37.92	\$ 5.38

14. Capital

The Company’s capital comprises shareholders’ equity, which is invested, directly and indirectly, in long-term investments in the common shares of some publicly-traded Canadian companies, and a managed diversified portfolio of common shares of publicly-traded global companies. The Company’s strategy is to earn an above-average rate of return, primarily through long-term capital appreciation and dividend income. Short-term volatility is expected and tolerated. Management remains confident that the Company’s investment strategy will reward shareholders over the long term. The Company monitors its capital via its assessment of shareholders’ equity.

15. Novel Coronavirus (or COVID-19)

The continued worldwide spread of novel coronavirus (or COVID-19) continues to impact international business operations, supply chains, travel, commodity prices, consumer confidence and business forecasts. This has created increased uncertainty and volatility which will impact the performance and expected returns of the portfolio and the Company in the near term.

Economic Investment Trust Limited

FINANCIAL RECORD - 1928 - 2021 (continued) (Unaudited)

Year Ended Dec 31	Total Net Assets at Carrying Value*	Funded Debt	Preferred Shares Outstanding**	Net Equity Behind Common Shares	Net Investment Income Available For Common Shares	Net Equity Value per Common Share=
2017	\$ 853,473,765	\$ —	\$ —	\$ 853,473,765	\$ 11,256,055	\$ 151.98
2018	802,572,390	—	—	802,572,390	12,489,097	142.92
2019	903,616,098	—	—	903,616,098	15,262,344	160.91
2020	915,990,934	—	—	915,990,934	29,520,436	163.93
2021	1,098,091,923	—	—	1,098,091,923	55,242,096	196.60

Net equity value per Common Share and net investment income available for Common Shares are non-GAAP measures.

This chart is drawn from the individual annual reports and has not been restated for any subsequent changes in accounting policies.

* Total assets at fair value less current liabilities exclusive of funded debt and preferred shares. For the years 1972 to 2000, total net assets include refundable capital gains taxes on hand.

** Preferred Shares at redemption price of \$52.50 per share.

= As of December 31, 2021 there were 5,585,535 common shares outstanding. The calculation of net equity value is restated to reflect the following:

Historical Stock Dividends
